To Our Valued Precise STORE Customers

RE: UPCOMING PRECISE STORE CHANGES

We will be implementing Precise STORE process changes and a price adjustment for all orders placed from **1st May 2024** onwards.

Trisco Foods and Precise have a commercial position of limiting all cost increases. Although we work constantly with our suppliers to manage all input costs, we have had to review the pricing of products that we manufacture and supply.

At the end of this communication is a summary of our products that will be available via the Precise STORE, detailing the upcoming price variations and the units of measure available for purchase.

Our familiar extensive range of products is available via our Distributor partners nationally. We have communicated to them about our amended product range available via our Precise STORE to assist with them supporting our community customers further.

Please refer to the below website for further information on our Distributor partners.

<https://precisethickn.com.au/where-to-buy/>

Other changes for the Precise STORE include:

- Increased ordering processing times to 3-5 days.
- Orders via the Precise STORE only, phone orders will not be available.

Your ongoing support and loyalty to our products is very important to us. Please reach out to us should you have any additional queries.

Yours sincerely

Suzi Dubois
Head of Sales APAC – Health & Nutrition Division
